

*Gisborne Peak Winery Eco-Cottages
After Hours Self Check-in*

If you will be arriving after 5:00 p.m. please follow the self check-in procedures below.

The 4 Eco-Cottages are located on a hillside on the property and are only accessible by driving through the vines and around the dam. The Cellar Door facility and the Cottage entrance are two separate entrances. Enter the first driveway. It says 'Cottages' and is a paved drive. Go halfway up the drive and a sign will point to the right, directing you to drive through the middle of the vines. Go around the dam, and under the gum trees.

Turn right to enter the cottage area. There are 4 mailboxes on the right. Your key will be in the cottage mailbox that you have been assigned. Proceed around the lake and up the hill. It is a little steep. If you are going to Peppermint Gum or The Fernery, do not stop halfway or you will spin your tyres. Your breakfast provisions will be in your room.

Please come to cellar door the next day to formally check-in. Enjoy some estate grown wines and some cellar door food. Enjoy your stay!
